

BACKGROUND CHECKS

The Louisburg Recreation Commission (LRC) enforces a strict background check policy. All LRC staff, board members, volunteers and coaches 18 years of age and older must complete a background screening check prior to appointment.

There will be no cost to the applicant. The LRC is covering the payment of the background check.

All volunteers must have a follow-up background check performed yearly. The LRC has authorized SSCI to conduct the background checks. The verification process takes approximately 2-4 days. Once the background check is complete SSCI confirms with us if the applicant has been approved or denied. If the applicant is not approved they will not be allowed to work with children.

To protect the privacy of each individual the LRC will not disclose any information obtained from a background check outside of the Director and the Board members.
