- *Equal number of males and females on the field
- *\$275 per team/team sign up only

The LRC office is in need of a new office printer. Several printers were researched using Consumer guides, company websites and information and feedback from business owners.

Based on performance, purchase price, long term ink cost and quality for normal day to day printing and for occasional high speed printing of large quantities I recommend either:

Samsung Express M3065FW for \$227 on Amazon

Or the

Brother DCP-L5500DN for \$235 on Amazon

Or the

HP Laser Jet W2G51A for \$99.00 on Amazon

The pricing on Amazon was the lowest for each model.
